

## **Welcome to Speech!**

**A Speech /Language Pathologist is a person who is trained to evaluate and treat children and adults who have difficulty with speech or language.**

### **Speech Disorders:**

**Articulation  
Fluency  
Voice  
Phonology  
Apraxia**

### **Language Disorders:**

**Receptive Language  
Expressive Language  
Pragmatic Language**

**Mrs. Swann and Mrs. Hardy use positive reinforcement during all therapy sessions. Students are given homework during some therapy sessions and they are encouraged to take their homework home and practice with their parents. Please take 5-10 minutes to model/listen to your child practice his/her target words/phrases/sentences and/or assist your child with his/her language skills to help enforce the carry-over process. If you have any concerns and/or questions, please feel free to contact us at school at 677-5153.**
